Subject: Leos resubmission of TA for San Jacinto Cap inspection

Carlos,

After speaking with Gary, he has informed me that both the local government (Harris County) and citizen stakeholders are very concerned with the status of the cap. Both Gary and I agree that waiting to do a cap inspection until July 1 is not the best course of action for the agency. Gary has requested that I resubmit my TA to do a cap inspection for Monday June 15, 2015.

Please approve my resubmission of the TA so that I may quickly address the concerns the locals have with the cap.

Sincerely,

Carlos,

I don't believe this is the best course of action for the agency that we keep putting off this cap inspection. I have already spoken to both local media outlets along with citizens in the last two days and weeks prior about doing a cap inspection very soon. I am willing and able to do a cap inspection this Friday.

Val,
I am returning your TA for the San Jacinto trip schedule for June 12.
The PRPs are schedule a full cap inspection for July 1, 2015, that you and Gary should participate for EPA.
Please re-schedule your trip to San Jacinto for July 1, 2015. CAS
